

Warden Message: Guadalajara (Mexico), Violent Incidents and Roadblock

Crime

Western Hemisphere > Mexico > Guadalajara

1/20/2011

U.S. Consulate General Guadalajara released the following Warden Message on January 20, 2011:

This Warden Message is being issued due to an escalation in criminal activity in Guadalajara and nearby Lake Chapala. In a chain of violent incidents that began on the evening of Saturday, January 15th and continued through the early morning of Sunday, January 16th, a Drug Trafficking Organization (DTO) carried out a series of attacks largely directed at local law enforcement in both Guadalajara and Chapala.

In addition to targeting law enforcement officials, their buildings, and vehicles, members of the DTO set up a road blockade on the highway between Guadalajara and Chapala near the Guadalajara airport on Saturday evening around 11 p.m. This was the first incident of this nature in the Guadalajara area. Armed men opened fire on several vehicles, forcing the drivers to abandon the vehicles on the road. They then lined up the cars to block the road and set fire to them.

Since the weekend's surge in violence, local authorities have arrested and detained several DTO members. Local law enforcement authorities assess that the violence will not likely subside in the near future and are taking necessary measures to prepare and defend against further acts of violence by organized crime.

U.S. citizens should make every attempt to travel on main roads during daylight hours, particularly the toll ("cuota") roads which generally are more secure.

Additional safety recommendations:

Delay any travel if media reports road closures due to police or emergency responder activity;

If the road in front of you has been blocked due to a security incident or natural disaster, attempt to return to your point of origin using available alternate routes;

If you are presented with an imminent threat on the road, do not hesitate to run over any median (or similar obstacle) to make an emergency U-turn to get out of harm's way;

If physical barriers along the road prevent emergency evasive action in any direction, locate a restaurant, shopping mall, hotel, or another business establishment where you can temporarily remove your vehicle from the road and take cover until the road is clear;

If you are driving or walking and you hear or see gun fire and/or explosions, take immediate evasive action, get down on the ground or behind a solid barrier (engine block, tree planter, etc.) and evacuate the area as soon as it is safe to move;

Always call "066" (equivalent of 911 in the USA) immediately if you are exposed to a life threatening situation requiring emergency police or fire responders.

U.S. citizens resident or traveling in Mexico are urged to enroll with the U.S. Embassy or nearest U.S. Consulate via the Department of State's on-line registration service through the Smart Traveler Enrollment Program (STEP) located at <http://travel.state.gov>. Travel registration allows the Department of State to contact its citizens in the event of an emergency and to provide up-to-date safety and security information. Registrants wishing to receive such information must provide an e-mail address with their registration. All registrants are urged to provide complete contact information and a departure date when completing their registration on-line.

For the latest security information, U.S. citizens living and traveling abroad should regularly monitor the Department's Bureau of Consular Affairs internet web site at <http://travel.state.gov>, where the current Worldwide Caution, Travel Alerts, Travel Warnings, and health-information resources can be found. Up-to-date information on security can also be obtained by calling 1-888-407-4747 toll free in the United States and Canada or, for callers in other areas by calling a regular toll line at 1-202-501-4444. These numbers are available from 8:00 a.m. to 8:00 p.m. Eastern Time, Monday through Friday (except U.S. federal holidays).
