Significant Events

Near East > Bahrain > Manama

4/2/2012

Spontaneous demonstrations take place in Bahrain from time to time in response to world events or local developments. United States citizens should keep current with media coverage of local events and be aware of their surroundings at all times. If you encounter a large public gathering or demonstration, depart the vicinity immediately.

- On Monday, 02 April, the Embassy anticipates possible demonstration activity in the vicinity of Salmabad in the afternoon and evening.

- On Tuesday, 03 April at 1930 hours, a demonstration is planned in Saar.

Some demonstrators have engaged in clashes with the police and continue to employ tactics such as placing debris and oil on roadways, throwing steel spikes and Molotov cocktails. These actions often result in adverse driving conditions, an increased police presence, official checkpoints and significant traffic delays. The Embassy expects these tactics to continue. Please use caution as you drive and plan additional time to arrive at your destination.

We remind U.S. citizens that even demonstrations intended to be peaceful can turn confrontational and possibly escalate into violence. U.S. citizens are therefore urged to avoid the areas of demonstrations if possible, and to exercise caution if within the vicinity of any demonstrations.
