

Emergency Message for U.S. Citizens: Cairo (Egypt), Demonstrations

Riots/Civil Unrest

Near East > Egypt > Cairo

Several different groups are calling for demonstrations in both downtown and Garden City this afternoon to protest a range of issues. These groups may gather in front of the U.S. Embassy, or Egyptian government buildings such as the People's Assembly and Ministry of Interior, beginning in the early afternoon and continuing into the evening. It is unclear if large numbers will take to the streets, but clashes may occur should two opposing groups come into contact with one another. Large gatherings and non-essential travel in and around Downtown and Garden City should be avoided this afternoon.

U.S. citizens should avoid areas where large gatherings may occur. Even demonstrations or events intended to be peaceful can turn confrontational and possibly escalate into violence. U.S. citizens in Egypt are urged to monitor local news reports and to plan their activities accordingly.

The Embassy reminds U.S. citizens to review their personal security plans and remain alert to their surroundings at all times in Egypt. For the latest security information, U.S. citizens traveling abroad should regularly monitor the Department of State's Internet website where the Worldwide Caution, Country Specific Information for Egypt, Travel Warnings, and Travel Alerts, including the current Travel Alert for Egypt, can be found.
