Multiple rocket attacks were reported on the outskirts of the city earlier this morning. The Embassy has returned to normal operations and is monitoring the security situation closely. American citizens are urged to monitor this website for further updates as warranted. As a reminder, in accordance with the Travel Warning for Afghanistan the Department of State warns U.S. citizens against travel to Afghanistan. U.S. citizens traveling to Afghanistan despite this warning should avoid being predictable in their movements, including varying routes and times in commutes or other routine travel. The U.S. Embassy urges U.S. citizens to remain vigilant and avoid areas where westerners congregate, such as hotels and guest houses. Do not discuss travel plans or other personal matters with strangers, or in public places. U.S. citizens in Afghanistan should regularly monitor Emergency Messages for U.S. Citizens | Embassy of the United States Kabul, Afghanistan as well as the Department of State's Bureau of Consular Affairs website, where the Worldwide Caution, Country Specific Information and the Travel Warning for Afghanistan are found. In addition, the Embassy encourages U.S. citizens to review "A Safe Trip Abroad" which includes valuable security information for those traveling or living in foreign countries. You can also follow the Bureau of Consular Affairs on Twitter and on Facebook.
