The U.S. Embassy will continue operating at reduced staffing levels on Wednesday, November 21, and routine consular services are being suspended for that same day. Embassy families have been instructed to keep their children home from schools in areas south of Herzeliya. Embassy personnel from Beer Sheva have temporarily been relocated to Herzeliya. Non-essential official travel by Embassy staff to the south of Israel remains prohibited.

U.S. citizens are encouraged to exercise caution and take appropriate measures to ensure their safety and security in light of the escalating level of violence in Gaza and Israel. U.S. citizens should pay close attention to their surroundings and news reports, and follow the civil defense guidance provided by the Home Front Command. The Government of Israel's Home Front Command website provides information on how to choose a secure space or room in a home or apartment. Visitors may also seek information on shelters from hotel staff or building managers. Please click here for further emergency preparedness guidance provided by the Home Front Command <http://www.oref.org.il/International/14-en/PAKAR.aspx>.
