

Emergency Message for U.S. Citizens: Lusaka (Zambia), Security Reminders

Crime

Africa > Zambia > Lusaka

12/7/2012

The U.S. Embassy would like to remind U.S. citizens to take the following precautions during this holiday season:

. Remember to keep your doors locked and windows closed and maintain good residential security habits. Residential burglaries are more common as thieves are aware that people may have gifts and other high-value items in their homes

Don't try to do all of your holiday shopping at once.

The more shopping bags you carry or pack in your car, the more inviting a target you make yourself.

Don't leave items in plain view in your unattended vehicle. Place valuables in the trunk or in the rear of the vehicle and close your window screen.

Maintain a good grip on all bags, parcels, and personal items while shopping or walking in public. Keep purses and bags closed, unless accessing them, and do not leave them unattended.

Be cautious of persons representing themselves as collectors for charity. They may be attempting to gain access to your residence for actual crime or criminal surveillance of your property.

Most importantly, maintain good awareness over all of your surroundings. Listen to your instincts. If they tell you something is awry,....HEED THE WARNING!

Please contact the local police and notify the U.S. Embassy if you are a victim of crime. The local equivalent to the "911" emergency line in Zambia is 999. Police response, particularly outside major cities, may be delayed due to a lack of vehicles and other resources.
