

Emergency Message for U.S. Citizens: Dhaka (Bangladesh), Nationwide Demonstrations

Riots/Civil Unrest

South Central Asia > Bangladesh > Dhaka

2/4/2013

Jamaat-e-Islami (JI) has called for nationwide demonstrations on Monday, February 04, 2013, to protest on several issues, including the issuance of verdicts in the International Crimes Tribunal expected on that same day, and the threat for violence exists. While there has been no direct threat to the U.S. Embassy or the U.S. community in recent violent protests throughout Bangladesh, everyone is reminded that unpredictable processions or demonstrations may occur with little or no advance warning. Given the current circumstances, such events may escalate quickly, turn violent and occur in unpredictable locations throughout the country. U.S. citizens are advised to stay vigilant and avoid travelling throughout Bangladesh on this day.

The U.S. Embassy is taking a prudent approach to ensure safety of all employees. The travel of U.S. Embassy employees and their family members is restricted to the Diplomatic Enclave (Banani, Baridhara and Gulshan). Employees outside of Dhaka are also taking additional precautions.

Even demonstrations intended to be peaceful can turn confrontational and escalate into violence. You should avoid areas of demonstrations, and exercise caution if in the vicinity of any large gatherings, protests, or demonstrations.

Review your personal security plans; remain aware of your surroundings, including local events; and monitor local news stations for updates. Maintain a high level of vigilance and take appropriate steps to enhance your personal security and follow instructions of local authorities.

We strongly recommend that U.S. citizens traveling to or residing in Bangladesh enroll in the Department of State's Smart Traveler Enrollment Program (STEP) at <https://step.state.gov/step>.
