The U.S. Embassy in Nassau advises U.S. citizens residing in and traveling to The Bahamas to be aware of their surroundings and remain on heightened alert to avoid being victims of crime.

Since July 2014, there have been five sexual assaults of U.S. citizens by jet-ski operators in Nassau, the most recent on January 2, 2016. As a result, the U.S. Embassy has prohibited personnel under U.S. Embassy Chief of Mission authority from using the services of jet-ski rental operators in Nassau. This includes jet-ski operators on Cabbage Beach and Cable Beach. We strongly advise that U.S. citizens do the same and not patronize these services. Jet-ski rentals in The Bahamas are only minimally regulated. U.S. citizens residing in or traveling to The Bahamas should review their personal security plans. At all times, maintain a high level of vigilance and take appropriate steps to enhance your personal security. If you encounter a violent or threatening situation, try to remain calm and immediately get yourself out of harm's way. If confronted by armed criminals, remember your vehicle or valuables are not worth your life or anyone else's life.

If you are the victim of a crime abroad (including the loss or theft of a U.S. passport), you
