The U.S. Consulate General in Sapporo cautions U.S. citizens that Typhoon MINDULLE is expected to make landfall near Kanagawa Prefecture at approximately noon today. It will then move northward over Tohoku towards Hokkaido. In conjunction with this storm, the Japan Meteorological Agency has issued Heavy Rain (Ground-loosening, Inundation) and Flood Warnings/Advisories across Tohoku and Hokkaido. Storm tides, heavy rainfall, damaging winds, and flooding may occur – particularly overnight.

The Japan Meteorological Service's Typhoon tracking information may be found in English at this webpage: <http://www.jma.go.jp/en/typh/>. Information about MINDULLE is also available from the Joint Typhoon Warning Center at <https://metoc.ndbc.noaa.gov/jtwc>.

All U.S. citizens living in or traveling to the area should monitor local weather reports, follow directions from local officials, and take other appropriate actions as needed.
