The U.S. Consulate General in Johannesburg notifies U.S. citizens that it has advised employees to avoid the Braamfontein neighborhood of Johannesburg due to protests and property damage around the area of the University of the Witwatersrand, for as long as these protests continue.

U.S. citizens are reminded that even demonstrations intended to be peaceful can turn confrontational and escalate into violence. Avoid large gatherings and demonstrations; maintain situational awareness and exercise good judgment; stay alert; be aware of your surroundings at all times, and stay abreast of ongoing events through local media outlets.
